

ROY WILCE

ARTIST STATEMENT:

"We live at times with too much angst. I want my paintings to have a calming effect on the viewer. I do not paint with a center of interest. That to me makes a painting dull and ordinary.

I've had a love affair with the American landscape all my life. Raised in up state New York I experienced the orchards, lakes and wood landscapes: all that state had to offer. Texas and New Mexico revealed the splendor of the west and California showed me the coast and rolling, golden hills and Colorado seemed to have it all. The paintings I show are painted with great love."
