BIOGRAPHY

DANIEL AUGENSTEIN

JK DESIGNS, INC.

A Colorado native, Daniel Augenstein has been an art educator and artist in the community of Greeley for more than 30 years. He has received numerous awards both as an educator and as an artist. With subject matter and media as varied as his experiences he was deeply impacted by the 10 months that he lived in Tuscany, Italy. Dan favors classic shapes and moody landscapes. The New Mexican light and southwestern landscapes reminiscent of Italy also enters into his motifs.

In 1985, he earned a Master of Arts Degree in Painting from the University of Northern Colorado. During this time Dan became involved in the production of fibers and pottery. Through under glaze and glaze pencils, his drawing and painting techniques are incorporated onto the surfaces of his pottery. He has exhibited in Colorado and New Mexico. His oils, acrylics, watercolors, drawings, prints, and ceramics are widely collected both in the United States and Europe.

Dan maintains his studio in Greeley; he is married and has three married children. He is currently retired from public school teaching and is pursuing a full-time career as a studio artist and illustrator. He continues to teach private students and night studio classes at the neighboring community college. Dan also serves as an educational consultant and leads workshops for International Baccalaureate Visual Arts instructors.
